An Immersive Introduction to Mining

June 23 – 25, 2026

The Willows Golf & Country Club | 382 Cartwright Street, Saskatoon

Chris Maierhoffer, P.Eng. MBA

Chris Maierhoffer, P.Eng, MBA is an innovation and technology delivery leader with 15 years of experience applying innovation in mining and industrial environments. He currently leads innovation delivery at BHP, and has previously held senior engineering and innovation roles at Mosaic, Nutrien, and industrial OEM service providers. Chris brings a practical, real-world perspective to innovation—focused on how ideas move from concept to pilot to implementation within complex operating systems—bridging engineering, business strategy, and execution.
