## An Immersive Introduction to Mining

June 23 – 25, 2026

The Willows Golf & Country Club | 382 Cartwright Street, Saskatoon

### Craig Hamilton

Craig Hamilton is a Senior Mine Engineer with Nutrien. He is a graduate from the University of Saskatchewan where he obtained both a bachelor's degree and a master's degree in Geological Engineering. Prior to becoming a Senior Mine Engineer with the Technical Services group at Nutrien, he worked at the New Brunswick Division, supported the shaft sinking at the Rocanville Division and worked as a ground control Engineer at the Lanigan Division. Prior to working at Nutrien he worked for Tucker Wireline and Teck Resources (formerly Elk Valley Coal).
