

# IMII School of Mining

## An Immersive Introduction to Mining

June 23 – 25, 2026

The Willows Golf & Country Club | 382 Cartwright Street, Saskatoon

### Garrett Snell, M.Sc. P.Eng. (SK, ON)

Garrett Snell is a rock mechanics engineer who graduated from the University of Saskatchewan geological engineering program in 2015. He completed an M.Sc. researching shear failure of ground support in multiple potash mines in Saskatchewan. He then went on to work as a consultant for Golder Associates for four years in Australia, New Zealand and across North America. He was a Senior Geotechnical Engineer at New Gold's Rainy River mine for two years, before returning to the University of Saskatchewan where he is currently a PhD candidate. His Ph.D. research is focussed on the behaviour of underground potash pillars in Saskatchewan.
