IMII School of Mining

An Immersive Introduction to Mining

June 23 – 25, 2026

The Willows Golf & Country Club | 382 Cartwright Street, Saskatoon

Tanya Smith, P.Eng.

Tanya Smith, P.Eng. is an accomplished mining engineer and leader with nearly 30 years of experience in underground operations. She previously served as Chief Mine Engineer at the Rabbit Lake uranium operation and began her career at the McArthur River uranium mine.

Now Manager of Underground Production at BHP's Jansen project, Tanya brings deep expertise in mine planning, operations, and risk management, along with a practical, real-world perspective to teaching the fundamentals of uranium mining.
